

*Iconic Carz*  
**FUN FOOD**  
**JUNKIES**  
**SETUP**

Fun Food Junkies is not your typical food truck setup.

**What separates us?**

We are a full size truck and a 20' trailer.

We can stock food for 50-300+ people.

We are fully electric.

Our trailer is powered by a 2000lbs deisel generator

76 hp turbo deisel 47kw @ 200 amps

( this setup can run a complete house)

The Generator runs at 66-69 dbs

We are fully certified.

We run 2 A/C unit to keep us running on the hot days

We carry our own filters water (54 gallons).

We have 3 computer controlled deep fryers.

(Perfectly cooked each times)

**What we require?**

We are 50' feet long so we require some space.

Our Truck carries the generator so the 2 units cannot be separated at this point.

We require a semi-flat area for our 3 deep fryers
